### What is the OLA and why should I care?

The Online Learning Academy (OLA), is a free online tutoring service available to all students and is funded by the University of Hawaii. Our mission is “to deliver high-quality, engaging and academically rich tutoring and college readiness programs, providing students opportunities for academic development, success and goal completion.”

There is no shame in not understanding a subject, especially if it’s something you’re learning for the first time. The OLA is a judgment-free zone that wants to help as many students find joy and success in learning.

### How does online tutoring work?

All online tutoring is conducted through Zoom. Once a student enters the Zoom meeting, a tutor who is able to assist the student will send them to a breakout room for 1-on-1 tutoring. Detailed instructions on how to access our math/science and writing tutoring are listed on [our website](#).

### What subjects can students come in for help with?

The OLA offers assistance for both math/science based courses as well as writing. Below is a list of courses and ways our tutors are trained to help students.

Science (drop-in only)	Math (drop-in only)	Writing (appointment only)
<ul style="list-style-type: none"><li>• Physics (up to college level)</li><li>• Chemistry (up to college level)</li><li>• Biology (up to college level)</li></ul>	<ul style="list-style-type: none"><li>• Pre-algebra</li><li>• Algebra</li><li>• Geometry</li><li>• Trigonometry</li><li>• Pre-calculus</li><li>• Calculus 1-4</li></ul>	<ul style="list-style-type: none"><li>• Scholarship essays</li><li>• Reports</li><li>• Vocabulary building</li><li>• Research</li></ul>

### Drop-in tutoring schedule (Math and Science Courses only):

Sunday: 5PM-8PM

Monday: 6PM-9PM

Tuesday: 6PM-9PM

Wednesday: 6PM-9PM

Thursday: 6PM-9PM
